DEAR READERS,

The Central Statistical Office is delivering the next **EDITORIAL TITLE – PLAN**. It contains the most relevant information on the Office's publications, which will come out in 2008.

In accordance with the act on public statistics, CSO guarantees indiscriminatory, simultaneous and equal access to all statistical data. The studies are published in books, recorded on CD-ROMs, available in the Internet. Some of the information is available only in the Internet, on the website <http://www.stat.gov.pl>. The results of statistical surveys, which did not appear within the publications are available in an electronic form as printouts, Xerox copies etc.

We encourage you to study the statistical information prepared by Central Statistical Office.

Information Division

Central Statistical Office, as a publisher, reserves the right to minor changes within the EDITORIAL TITLE–PLAN 2008 during its execution

price: PLN 15,00

8343/02

Accidents at work of persons employed in the national economy. Information registered at work places refer to persons who incurred damage in an accident. Data on accidents at work on individual farms refer only to the accidents where the persons affected received a one-time compensation due to a permanent or long lasting injury suffered.

By: region, voivodship, subregion, powiat, NACE section and subsection, ownership sector.

ACCIDENTS AT WORK AND WORK-RELATED HEALTH PROBLEMS IN 2006

(Polish-English version)

occasional publication

time of publication — March

Vol. 100 pp., size A4

price: PLN 15,00

8394/00

price: PLN 15,00

8394/02

Recognition of the scale of accidents at work, type of injuries and length of break in employment caused by accident at work and the scale of health problems connected with work, types of illnesses and their influence on everyday job-related or/and non-job-related activity in the last 12 months before the week of the survey. Diagnosing the factors which have or may have negative influence on physical or mental health of currently employed people.

By: region, voivodship, NACE section, jobs, and socio-demographic characteristics of respondents.

DEMAND FOR LABOUR IN 2007

(English version: preface, contents, methodological and analytical notes, glossary of basic terms)

annual edition

time of publication — June

**ISSN 1642-4425**

Vol. 100 pp., size A4

price: PLN 17,00

8345/00**ISSN 1897-9106**

price: PLN 15,00

8345/02

Number of employed and the number and structure of vacancies, including newly-established ones.

By: voivodship, NACE section, ownership sector, jobs.

ENVIRONMENT PROTECTION, 2008

(English version: preface, contents, general and methodological notes)

annual edition

time of publication — November

**ISSN 0867-3217**

Vol. 550 pp., size A4
price: PLN 28,00

8380/00**ISSN 1643-0905**

price: PLN 15,00

8380/02

Study covers in a synthetic manner the full range of statistical surveys, subsystems of the National System of Environment Monitoring and administrative sources which keep record on the condition, dangers and environment protection in 2007 as compared to previous years. Data on natural environment and its individual elements. Problems of wastes, radiation and noise, health impact of environment degradation. Environment protection activities and economic aspects of environment protection including investment outlays, material effects and current costs.

By: region (selected data), voivodship, subregion, powiat, area of particularly exposed to environment degradation, hydrographical region, regional direction of hydroeconomy, forestry organisational unit, object and area legally protected, health resort. Sewage-water economy, air contamination and protection, wastes, investments into environment protection and expenditures - by NACE section, division, group, class (for specific cases); international comparisons.

ENERGY STATISTICS, 2006—2007

(Polish-English version)

annual edition

time of publication — November

**ISSN 1506-7947**

Vol. 250 pp., size A4

price: PLN 18,00

8307/00**ISSN 1896-7809**

price: PLN 15,00

8307/02

Synthetic balance of energy, balances of energy conversion and individual carriers. Direct consumption of energy by household and other users. Use of energy in production of specific products and directions of utilisation. Purchasers' prices of selected energy carriers. Information published in natural units and in energy units (TJ), and in producer's prices for the selected energy carriers.

By: energy balances by selected NACE section, division and group.

ENERGY EFFICIENCY, 1996—2006**annual edition**

time of publication — June

**ISSN 1732-4939**

(English version: preface, contents)

Vol. 60 pp., size A4

price: PLN 10,00

8115/00**ISSN 1896-2491**

(English version: preface, contents)

price: PLN 15,00

8115/02

(Polish and English version)

Global and sector indicators of energy effectiveness (70), their analysis, methodological remarks, definitions of terms. Indicators as tools to evaluate trends in energy effectiveness, both in macro scale and in subsequent branches of industry, make it possible to estimate the effects of actions and programs in the field of energy efficiency.

By: NACE section, selected types of activity.

CONSUMPTION OF FUEL AND ENERGY CARRIERS IN 2007

(English version: preface, contents)

price: PLN 15,00

8327/02

National accounts according to ESA 95. By the use of macroeconomic indicators, there has been presented quarterly data on the complete economic activities in Poland. Data on value of gross domestic product and its components from generation and distribution side. The presented data are “raw” — i.e. seasonal variations are not taken into account and data where seasonal variations are taken into account.

By: selected kind of activity, NACE section and institutional sectors (full non-financial accounts).

GROSS DOMESTIC PRODUCT — REGIONAL ACCOUNTS, 2006

(Polish-English version)

annual edition

time of publication — October

**ISSN 1733-8638**

Vol. 110 pp., size A4

price: PLN 20,00

8902/00

Basic categories of national accounts by territory. Selected categories of production and income generation accounts. Primary income and disposable income of households. Data on population, employment, fixed assets and investments. Characteristics of differentiation of main macro-economic categories — gross domestic product, gross value added, disposable income of households. Methodological explanations.

By: region, voivodship, subregion, institutional sectors, type of activity.

Index

LOCAL GOVERNMENT ENTITIES BUDGETS, 2004—2007

(English version: preface, contents)

annual edition

time of publication — November

**ISSN 1895-3077**

price: PLN 15,00

8325/02

Information on income, expenditures and financial results of the budgets of local self-government entities, auxiliary units, budgetary establishments, own income account, appropriated funds of territorial self-government entities. Methodological explanations and list of legal acts pertaining to the territorial self-government entities' budgets.

By: total for Poland, total for voivodships, total for powiats, total for gminas.

ACCOUNT OF SUPPLY AND USE OF PRODUCTS AND SERVICES IN 2005

(Polish-English version)

edited every 5 years

time of publication — December

Vol. 112 pp., size A4

price: PLN 16,00

8328/00

price: PLN 15,00

8328/02

Account of supply and use of products and services is an integral part of national accounts system included in the SNA/ESA methodology. It has a particularly important role of a detailed database for analysis of supply and use of products and services and constitutes basis for works on other accounts. For economy as a whole and for the group of products and services it shows the total supply coming from national production and its use for intermediate consumption, individual and collective consumption, gross outlays on fixed assets, changes in inventories and exports.

**METHODS AND DATA SOURCES USED FOR COMPILING
A NOTIFICATION ON DEFICIT AND PUBLIC DEBT**
occasional publication

time of publication — March 2009

Vol. 100 pp., size A4
price: PLN 15,00**8612/00**

Description of data counting methodology and data sources used in preparing notification on deficit and public debt — included in three parts pertaining to government institutions, self-government institutions and social insurance institutions.

FINANCIAL RESULTS OF ECONOMIC ENTITIES
